Aug. 3-7, 10

8:30 a.m.—
4:00 p.m.

Get vaccinated early!

The Kanawha-Charleston Health Department and the Putnam County Health Department offer a variety of vaccinations throughout the year.

Students entering seventh and 12th grades **are required** to show proof of a Tdap booster and a dose of meningococcal vaccine.

Students entering school are required to have up-to-date vaccinations. Please bring all vaccine records to the clinics, so the determination can be made on what vaccines are needed.

Vaccinations available

ALL

SUMMER.
