The Kanawha-Charleston Health Department and the Putnam County Health Department offer a variety of vaccinations throughout the year.

Students entering seventh grade **are required** to show proof of a Tdap booster and a dose of meningococcal vaccine.

Students entering 12th grade **are required** to show proof of a Tdap booster and at least one dose of meningococcal vaccine given after the student's 16th birthday.

**Register to win** a gift card for your favorite tunes. Registration forms available for parents or guardians accompanying children to immunization clinics or bring this form with you.
